Subject: RE: [External Email]Fw: Questions About The Batavia Kill Watershed Flood Protection Dam in Maplecrest NY.

Mr. Exum,

Good afternoon. The relocation of the field and the installation and maintenance of a permanent fence that does not interfere with the operation and maintenance of the flood control structure is at the sole discretion of the project Sponsor (Batavia Kill Watershed District).

Additionally, any regulatory restrictions would be at the direction of NYS DEC Dam Safety.

Thank you

David M. Walowsky Jr.

State Design Engineer

Watershed Ops/Rehab Coordinator
